MEMORANDUM FOR: Members, Guided Missile Intelligence Committee

SUBJECT : Collection Guidance

1. One segment of collection for which GMIC is clearly responsible is the preparation of guidance to the collectors. Attached is an excellent survey by the GMIC Guidance to Collectors Subcommittee which clearly points out what guidance is available and what guidance is not available.

2. This report requires some coordination by GMIC as a Committee, but requires more extensive efforts by the individual GMIC members with their respective collectors.

3. It is requested that you review the attached document, initiate the actions contained in the recommendations and be prepared at an early Committee meeting to discuss the actions accomplished and the methods by which GMIC can follow the recommendations in paragraph 4.d.

Chairman, GMIC
